

St. Paul's School 1985

The Headmaster

How long is ten years? For some of you, it is longer than a lifetime! Even for the oldest of you graduating eighth graders, it is most of a lifetime. As for me, let's just say that it seems like a long time, too, since four teachers and twelve students joined me on opening day in September, 1975.

Since I am leaving this year, I have been thinking about these ten years. They have been important and precious to me: "important", because I have been part of a school which has given so much to many families in our community; "precious", because so many persons I value and care for have become part of my life here. I am looking forward to new places and exciting events in my future, but nothing will dim my fondness for St. Paul's. It helps to know that my leaving as Headmaster does not mean losing touch with you all. I look forward to seeing you from time to time.

To those of you who are leaving St. Paul's with me, I hope you view your leaving as I do. Keep in touch with your friends; treasure your memories of those years of growth and learning; but look ahead eagerly to what awaits you in the challenges and discoveries of new people and places. That, after all, is the secret to the life of joy and growth which God's world offers us all.

My last word? Tiny Tim said it and I can't say it better: "God bless us, everyone!".

David Forbes

Ten Years for St. Paul's 1975-1985

It was a year of small but enthusiastic beginnings. Canon Forbes, Mme. Delay and Mrs. Hart and three teachers concentrated their attention on eleven students as school opened in September. By mid-Fall we were twenty-two students in Kindergarten through Fourth Grade. Crowded as we are in 1985, it may be difficult to think that we occupied only the Third and Fourth Floors and still rattled around! Mme. Delay taught French in those days as well as took care of practically everything in the Office. With an addition of a music teacher, there were four men and three women on the staff.

By 1977-78 each grade had a separate class and we had added a Sixth Grade with a total enrollment close to 100. We added a Seventh Grade the following year for just one year and expanded to the Second Floor. Some of our present traditions date from 1980-81, including our first Talent Show and first Field Day. We also added a librarian and changed to Spanish from French.

In 1982-83, our building took on its present look as we moved our offices and Library from the Fourth Floor to the First, and added our Science Lab. Seventh graders again appeared on our scene and students in the Fifth through Seventh Grade found themselves with different teachers in the various subjects. Eighth graders joined us in the following year as we grew to approximately 150 students. Lots of other new aspects of school life appeared, too: computers, Student Council, Student of the Week, after-school sports and Seventh-Eighth Grade dances.

And now we look back at 1984-85 and can realize how much we have grown in many ways as a school. Soon we shall have an alumni reunion and that, too, will help us see the good things we have accomplished. Canon Forbes will be leaving - our first Headmaster for our first decade - with appreciation and gratitude for ten strong, growing, creative years. Dr. Jeff Bauer will come to us to start off our second ten years; we have much to which to look forward!

The Inquirer

QUESTION: WHAT HAVE YOU MOST ENJOYED ABOUT ST. PAUL'S SCHOOL SINCE YOU BEGAN WORKING HERE?

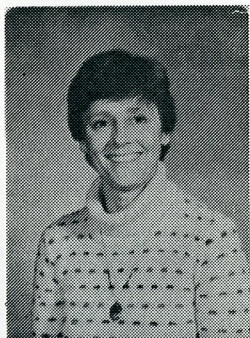

THE REVEREND CANON DAVID FORBES, Headmaster since 1975

"It's too difficult to pinpoint one fondest memory -- there are so many. However, the one thing I have most enjoyed are the people in our school. I also liked the way the school has grown from 12 students, 3 teachers, Madame Delay and myself, to a staff of many and a student body of around 150."

(Interviewed by: Sam Graves)

MADAME SANDRA DELAY, Assistant Administrator since 1975

"I have most enjoyed watching and being part of St. Paul's growth...all the changes and transformations for the school and those in it: the staff, the children and me. It feels really good to be in such a nice place surrounded by special people for such a long time. I would like to add that working with David Forbes has been an experience I'll always treasure."

(Interviewed by: Sam Graves)

MRS. EDNA HART, Teacher Aide since 1975

"I like the way things are organized. I also like how advanced the teaching is. I've seen very good changes that are improving the school. The people are kind and good. The students are good in and out of the school."

(Interviewed by: Rhonda Fontes)

QUESTION: WHAT HAVE YOU LIKED BEST ABOUT ST. PAUL'S SINCE YOU FIRST STARTED SCHOOL HERE?

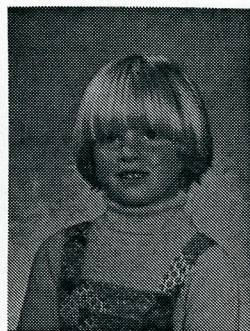

WES CHESTER,
8th grader who
began in 3rd grade
in 1979.

"The thing I liked
best is the freedom
of the school--you
can be relaxed. I
also loved the way
the teachers relate
to you."

HOWARD STACHER,
8th grader who
began in 3rd grade
in 1979.

"Class Day is
what I liked best."

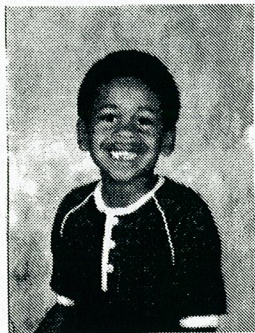

WENDY BURNETT,
8th grader who
began in 2nd grade
in 1978.

"In the upper grades
I liked the teachers
and in the lower
grades I liked the
kids."

SAM GRAVES,
7th grader who
began in Kinder-
garten in 1977.

"I've liked some
of the kids,
some of the
teachers...the
friends that I
have."

JENABU KINCHEN,
7th grader who
began in 1st grade
in 1978.

"I like the friends
that I have here,
and I liked the ski
trip. Also, deten-
tion isn't long."

*Special thanks to our inter-
viewers: Jessica Bobier,
Rhonda Fontes, Sonji White.
